EXCHANGE DESTINATION

District 5500's Rotary Youth Exchange (RYE) Committee maintains hosting arrangements with over 20 countries worldwide, and has access to a network of over 100 countries that participate in RYE through Rotary International. Options change from year-to-year. Students have the opportunity to suggest their preferred country of exchange. However, as there are limited places in any one country, a preparedness to accept an exchange in any of the other available countries is necessary on the student's part. The District RYE Committee determines the final country destination.

A few past host countries D5500 has exchanged with include:

Argentina	Denmark	Japan	Switzerland
Austria	Ecuador	Latvia	Thailand
Belgium	Finland	Netherlands	Taiwan
Brazil	France	Peru	
Chile	Germany	Slovakia	
Czech Republic	Italy	Sweden	

*other countries are available and will be considered for an exchange and career goals.
